PROCEEDS TO THE SPECIAL DEVELOPMENT SCHOOL

SOUTH WEST

MAKER FEST 18

This exciting experience is back again for another year.

After a hugely successful Maker Fest in 2017, we're back with another huge exploratorium of inventive action that aims to give young people the tools and inspiration to create.

**It's a place for
INVENTORS, TINKERERS,
BUILDERS, CRAFTERS
& WANNABE-SCIENTISTS**

It is a makers showcase with the intention of encouraging others to dabble in inventing something themselves.

The program this year will include:

- Workshops by inventors and makers
- Demonstrations of cutting edge technologies, and
- Hands-on activities for kids and adults

We welcome every member of the community interested in Science, Technology, Engineering, Arts and Mathematics (STEAM) and Maker Education.

REGISTER YOUR INTEREST

as a school, maker, volunteer or an attendee today!
